

Biochemist Cover Letter

850 Ebert Cliff East Nicholas, WV 45063

Dear River Waelchi,

In response to your job posting for biochemist, I am including this letter and my resume for your review.

In the previous role, I was responsible for technical support to prepare DHF, materials list, risk assessment and other documents required for the technology and manufacturing transfer.

Please consider my qualifications and experience:

- Demonstrated expertise in mitochondrial or chloroplastic enzymology from isolated extracts
- Demonstrated expertise in protein detection under native and denatured conditions
- Experience with basic protein characterization techniques (SDS-PAGE, analytical size exclusion chromatography)
- Protein purification using protein and antibody purification techniques
- Characterization of the protein utilizing HPLC
- Experience in a laboratory setting (1 yr), including basic laboratory skills & notebook keeping
- Experience with various protein and antibody purification techniques
- Experience with GE Akta instrumentation preferred

Thank you for your time and consideration.

Sincerely,

Corey Wilderman
