

# Biomedical Technician Cover Letter

253 Olene Street  
New Elia, VT 00104

**Dear Stevie Borer,**

I submit this application to express my sincere interest in the biomedical technician position.

Previously, I was responsible for telephone and remote computer based technical support of equipment to clinical staff including rotating after-hours and weekend call as scheduled.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Comprehensive knowledge of current regulatory requirements
- High School Diploma/GED - Biomedical equipment technology, electronics or military training
- Knowledge of electronic theory and skills in testing electronic equipment
- Biomedical Engineering, Troubleshooting, Parts Inventory Levels, Test Equipment Calibration
- Valid state issued driver's license and good driving record
- Self-motivating with strong organizational skills
- Knowledge of Microsoft Office Suite (Word, Excel)
- Requires knowledge of federal healthcare laws and regulations

**Thank you for your time and consideration.**

Sincerely,

Peyton Macejkovic
