**Dear Sawyer Haag,**

I am excited to be applying for the position of biostatistician. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for computing, statistical analysis and interpretation support to PIs and clinical research collaborators under direction.

Please consider my experience and qualifications for this position:

- Proficient in SAS and R, Proficient in Microsoft Access, Excel, and PowerPoint
- Familiar with standard databases structures
- Extensive experience working with large datasets, combining data from a multitude of sources and using the dataset to measure performance
- Experience with observational studies
- Proficient in methodological techniques
- Excellent understanding of computer systems analysis
- Experience with collaboration on academic manuscripts
- Experience working with CMS data, working with ICD-9 and ICD-10 codes, and combining Medicare files, including programming with, and linking, large databases, and producing analyses

**Thank you in advance for reviewing my candidacy for this position.**

Sincerely,

Emerson Dibbert
