Dear Emerson Collier,

In response to your job posting for boeing, I am including this letter and my resume for your review.

In the previous role, I was responsible for pro-active support to the customer on current flight operations issues through conferences, symposiums, and other methods.

My experience is an excellent fit for the list of requirements in this job:

- Real-time embedded software development using VxWorks Arinc 653
- Ethernet networks, MIL-STD-1553, ARINC-429, PowerPC computer architecture, VME, VPX, PCI, and PCIe bus standards and operation
- Familiarity with Integrated Avionics Systems
- Visual Studio C, C++, C#, Java, Qt, Matlab/Simulink
- Agile software development principles
- Computer literacy including word processing, spreadsheets, is essential
- Excellent knowledge of Relational Databases, Oracle and SQL
- Good working knowledge of OO concepts, Design Patterns

I really appreciate you taking the time to review my application for the position of boeing.

Sincerely,

Phoenix Langworth
