

Business Change Cover Letter

75466 Broderick ShoreSouth Virgieside, ND 78833-5818

Dear Phoenix Bayer,

In response to your job posting for business change, I am including this letter and my resume for your review.

In my previous role, I was responsible for support to line of business data analysts and data scientists in their selection of data analysis and presentation tools, acquisition and use of available data, and optimal solution methodology to meet business needs while furthering the Data Management and Analytics strategy.

Please consider my qualifications and experience:

- Understand the processes related to the application development
- Interact with program work streams to understand gaps and high hurts, brainstorm potential improvement options, and develop plans for achieving them
- Identify communications / engagement strategies to help AD Teams to learn, participate, contribute and lead others related to agile behaviors, principles, practices and concepts - Conduct research on emerging collaboration/engagement opportunities (i.e., craftsmanship, tools) for community
- Lead follow-ups, tracking and light project management to ensure timely execution of plans
- Posses strong Customer relationship building skills
- Lead with an energetic, customer-orientated approach
- Keep track of lessons learned and shares those lessons with team members
- User Experience - design inputs for SharePoint

Thank you for taking your time to review my application.

Sincerely,

Stevie Hand
