

Business Information Systems Cover Letter

376 Pat Drive East Berylfort, MT 85870-3426

Dear Armani Kiehn,

I would like to submit my application for the business information systems opening. Please accept this letter and the attached resume.

Previously, I was responsible for day to day support for custom Microsoft Dynamics CRM and .NET application, performing problem and data analysis as needed to identify and resolve issues.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Experience with Cloud and/or SaaS solutions
- Knowledge in SAP IM (Inventory), SAP SD (Sales Delivery), MM (Manufacturing)
- Technical experience with MS SQL Server
- Experience in a large or international organization
- Always looking to learn new competencies quickly and proficiently
- Hands-on experience with data analysis, data mining, and business requirements to support Business Intelligence projects and reporting
- Working technical knowledge of systems networks, software, protocols, and standards
- Knowledge of Business Continuity Planning and Tools

I really appreciate you taking the time to review my application for the position of business information systems.

Sincerely,

Baylor Kuhic
