Dear Morgan Jacobi,

I am excited to be applying for the position of business intelligence analyst. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for sound judgment and decision-making in analyzing and escalating.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Experience with Oracle and NoSQL database platforms preferred
- Technical and analytical skills with clear understanding of design goals of ER modeling for OLTP and dimension modeling for OLAP
- Experience developing mappings in SSIS to load the data from various sources into the Data warehouse
- Experience in developing stored procedures, functions, Views and Triggers, Complex queries using SQL Server, TSQL and Oracle PL/SQL
- Experience in resolving on-going maintenance issues and bug fixes
- Understanding of data manipulation, data mining, and statistical analysis tools and concepts
- Adept at applying disparate elements of information to solve complex problems
- Comfortable working in a fast-paced environment where deadlines are essential

Thank you for taking your time to review my application.

Sincerely,

Justice Lind
