

# Business Planning Analyst Cover Letter

6437 Klocko CourtsTatianaport, MA 85485-4156

**Dear Justice Legros,**

In response to your job posting for business planning analyst, I am including this letter and my resume for your review.

In the previous role, I was responsible for insight for financial modeling improvements in order to enhance forecasting and analytical processes.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Expert knowledge in data analytics, statistical forecasting and long range modelling
- Substantial analytical management experience operating within a large corporate matrix organisation
- Track record of building data models
- Experience of commercial business case development, benefits realisation planning and tracking of business benefits against business strategy
- Proven experience in eliciting requirements and acceptance criteria in Agile projects
- Understanding of various lines of business within the hospitality industry
- Experience in enterprise cloud sharing business applications
- Review, analyze and maintain cost performance measurement baselines

**Thank you for your time and consideration.**

Sincerely,

Casey McDermott
