

Capacity Analyst Cover Letter

6488 Wilburn MillGaylaport, WV 05276

Dear River Grant,

I would like to submit my application for the capacity analyst opening. Please accept this letter and the attached resume.

In my previous role, I was responsible for analytical decision support for institution management, including financial analysis, program profitability analysis, cost variance analysis and capital expenditure justification.

Please consider my experience and qualifications for this position:

- Experience of working with technical and non-technical teams across a broad range of IT disciplines which touch capacity management
- Understanding of issues connected to capacity demand, usage monitoring, allocation vs
- Experience of complex datacenter operations metrics, such as CPU, RAM, Disk, Network and other core data, virtualisation and clustering, and cloud environments
- Formal training/certification in ISO19770 and ITIL
- A project management certification
- Develop, own, and maintain capacity management processes for Information Technology and EPMO skill staff resources
- Monitor resource capacity planning documents for current utilization and forecasted effort to ensure resources are being utilized efficiently
- Review and identify capacity constraints across ETS and EPMO

Thank you for your time and consideration.

Sincerely,

Spencer Jerde
