

Career Specialist Cover Letter

568 Cristobal IslandsKoeppbury, AZ 96744-6014

Dear River Fahey,

In response to your job posting for career specialist, I am including this letter and my resume for your review.

In the previous role, I was responsible for original written content for media requests and press releases about programs, successes, and student career activities for inclusion in the university's website, newsletters, student publications, and external media.

Please consider my qualifications and experience:

- Proficient in troubleshooting electrical and/or mechanical systems
- Experience in the design, construction, and characterization of various systems for the dissemination of aerosols (dry powders and wet suspensions) in the respirable mass range or vapors and use of generation devices
- Experience in animal handling is desirable
- Proficient in utilizing a personal computer and Microsoft Office
- Experience in organizing, writing and presenting reports and presentations
- Bachelors in Engineering, Environmental Science, or related discipline
- Working knowledge of TX air quality regulations, Title V, NSR, PBR and compliance requirements, emission calculation procedures and air pollution control technologies
- DOT Hazardous Materials Transportation

Thank you for considering me to become a member of your team.

Sincerely,

Greer Keebler
