

Certified Phlebotomist Cover Letter

692 Walsh TurnpikeJodychester, OR 29166

Dear Marion Pagac,

I would like to submit my application for the certified phlebotomist opening. Please accept this letter and the attached resume.

Previously, I was responsible for care appropriate to the age of the patients/clients/ families served (infant, pediatric, adolescent, adult, and geriatric).

Please consider my experience and qualifications for this position:

- American Heart Association Basic Life Support Certification within first 60 days of employment (CT CPRBLS)
- Current California Certified Phlebotomy Technician I Certificate (CT PHLEBOT)
- Prior experience in a laboratory setting with focus on outpatient services to include greeting and registering patients, collecting, processing, and handling a breadth of patients' samples, including miscellaneous reference tests, specialized kits, and samples requiring immediate, specific handling conditions
- Experience should include accurate technical skills and exceptional customer service while working independently with little or no supervision
- Bilingual-Speak english and spanish
- Completion of a formal training course in phlebotomy procedures from an accredited school or training program preferred
- Completion of Phlebotomy Training program or Medical Assistant program mandatory, certification eligible
- High school graduate or completion of a GED

Thank you for considering me to become a member of your team.

Sincerely,

Reese Rosenbaum
