

Certified Phlebotomist Cover Letter

92927 Leland MountainRufusville, RI 42970-8383

Dear Blake Dooley,

I submit this application to express my sincere interest in the certified phlebotomist position.

In my previous role, I was responsible for the care appropriate to the age of the patient served, ie., infant, pediatric, adolscent, adult and geriatric.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Valid and current California Certified Phlebotomy Technician I certificate (CT PHLEBOT)
- Knowledge of standard laboratory terminology
- Prior experience in a laboratory setting with focus on outpatient services to include greeting and registering patients, collecting, processing, and handling a breadth of
- High school and/or college chemistry, biology, or mathematics
- High schoolnand/or college chemistry, biology, or mathematics preferred
- Completion of a Phlebotomy program
- BLS certification within 90 days of date-of-hire
- In CA

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Rowan Jacobs
