

# **CIB-Global Corporate Banking Cover Letter**

3826 Kevin Corner Chrisfort, SD 50538

**Dear Robin Leannon,**

In response to your job posting for cib-global corporate banking, I am including this letter and my resume for your review.

In my previous role, I was responsible for opinion and approval on the KYC/CDD/EDD reviews for FI, GTF, EAF and CCM clients by ensuring the reviews to be compliant with the TDS AML Policies and Procedures.

Please consider my qualifications and experience:

- Strong influencing skills, team player, proven track record of managing cross cultural environments and inter-department collaboration
- Team player and consistently high standard of personal integrity and commercial judgment
- Experience working in LATAM, and a good knowledge of financial/economic challenges of countries in the region is key
- Experience working with or within public client organizations
- Understanding of key products relevant to this segment, in particular equity capital markets, debt capital markets (including bilateral and syndicated loans), M&A advisory, structured trade, derivatives, structured and securitized products, project finance, and asset management
- Flexibility to travel a significant proportion of the time
- Subject matter expertise in the field of development economics and/or finance, including a keen understanding of the UN sustainable development goals and development impact monitoring and evaluation
- Knowledge of banking and capital markets, especially core CIB products and services

**I really appreciate you taking the time to review my application for the position of cib-global corporate banking.**

Sincerely,
