

# Cinematographer Cover Letter

3200 Billie Landing North Merleborough, AR 42787

**Dear Lennon Skiles,**

In response to your job posting for cinematographer, I am including this letter and my resume for your review.

In my previous role, I was responsible for photo editing and retouching support as needed.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Well-versed in the latest camera and lens options, tools and techniques-- understands what is optimal for an assignment (vs
- Extensive skill level in photography, lighting, editing and set design
- Highly organized and able to work both independently and with a team
- A keen eye for look and feel of a professional well edited video and an ear for how to tell a good story
- Practical knowledge of all types of video production and knowledge of best practices in video, photography
- Strong knowledge of best practices in filming and photographing health fitness and lifestyle content
- Demonstrates mastery of post-production process
- Extensive proficiency with Adobe Creative Cloud (Premiere, Premiere Pro, After Effects, Photoshop)

**I really appreciate you taking the time to review my application for the position of cinematographer.**

Sincerely,

Jordan Kemmer
