Dear Ryan Rogahn,

I am excited to be applying for the position of civil engineering technologist. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for computer aided drafting (CAD) services, map development, report generation, data querying and basic GIS and EAM support to Field Operations and Engineering.

My experience is an excellent fit for the list of requirements in this job:

- Possess an intermediate to senior level of understanding of transportation surveying and equipment usage
- Possess an intermediate understanding of grading, base course, and asphalt construction
- Willingness to travel to/from rural and urban project sites to meet client needs
- Familiar with rail survey
- Have general computer skills in MS Windows environment including Word, Excel, Outlook
- Knowledge of ArcGIS Desktop software is an asset
- Certified Engineering Technologist (Municipal or Geomatics Technology preferred)
- Valid CSA/CCIL Concrete Testing certification would be considered and asset

Thank you for considering me to become a member of your team.

Sincerely,

Ari Lakin
