

Civil Engineering Technologist Cover Letter

988 Shaun Curve East Hal, IA 87266

Dear Ari Kuphal,

I would like to submit my application for the civil engineering technologist opening. Please accept this letter and the attached resume.

Previously, I was responsible for technical support for all CAD software; provide support for plotting and electronic file submissions;.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Familiarity with airport operations and/or Transport Canada Standard TP312 Aerodrome Design Standards
- On roadways, bridge and culvert/hydraulic projects under the guidance of an
- Enrolled in a Civil Engineering or Civil Technology diploma program
- Accuracy with details and excellent written and verbal communication skills are essential
- Familiar with materials testing procedures and construction coordination services
- Experience collecting preliminary survey data using GPS, Total Station Technology and/or conventional survey equipment
- Civil Engineering Technician/Technology Diploma
- Experience in land development survey and construction inspections

Thank you for considering me to become a member of your team.

Sincerely,

Rowan Renner
