

Civil Engineering Technologist Cover Letter

5062 Rosario Run South Juliet, WV 20076

Dear Emery Metz,

I would like to submit my application for the civil engineering technologist opening. Please accept this letter and the attached resume.

Previously, I was responsible for quantity control of materials used on projects by fulfilling the duties of a roadside checker and scale person.

Please consider my qualifications and experience:

- Experience completing topographic surveys with total station and GPS would be an asset
- Excellent MS Word and Excel abilities
- Familiar with Civil 3D drafting and inspection of sanitary, storm and water distribution systems and land development
- Valid driving license - class 5
- Diploma/Certificate in Civil Engineering Technology
- A minimum Post-Secondary Technical Diploma in geological, geotechnical, civil or mining disciplines
- Professional designation with either the Association of Science and Engineering Technology Professionals of Alberta (ASET) or the Applied Science Technologists and Technicians of BC (ASTTBC) is considered an asset
- Additional qualification requirements depending on project

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Morgan Murray
