

Civil Inspector Cover Letter

19837 Windler Ferry South Jaeborough, GA 80039

Dear Brooklyn Littel,

Please consider me for the civil inspector opportunity. I am including my resume that lists my qualifications and experience.

In the previous role, I was responsible for support to the Quality Assurance Inspector to ensure that public road improvements, private access roads, crane pads, wind turbine foundations, collection systems, switchyards, substations, transmission lines, and lay down yards are built in accordance with the projects civil design documents.

My experience is an excellent fit for the list of requirements in this job:

- Perform technical reviews, including equipment and material submittals, progress charts, QC and Safety Plans, and various work plans
- Research and identify design and/or construction problems and provide recommendations to client
- Witness acceptance testing, commissioning, and perform final inspections
- Fluent understanding of building systems (building envelope, structural,) expertise
- Visual acuity including sufficient depth perception, color recognition, and field of vision necessary to perform visual inspections, work with small parts, and take accurate measurements
- Develop test/inspection/maintenance procedures with scheduled programs
- Good at problem solving – Awareness and active participation in the use of the appropriate methodology
- NICET Level I and CWI Certification Strongly preferred

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,
