

Civil Inspector Cover Letter

8721 Stokes KeysPort James, NE 07100-2954

Dear Dylan Witting,

I submit this application to express my sincere interest in the civil inspector position.

In the previous role, I was responsible for a civil construction technical synopsis defining our civil strategy to the Proposals function and including any drawings, documentation to fully define our offer.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Treatment plant background
- Civil works including Roads, utilities and Pavement experience
- Preference for previous RTA approval
- Experience of working on large infrastructure schemes ideally with the Ministry of Works
- Understanding of H&S Requirements related to Civil Engineering
- Basic knowledge of Quality Management
- Relevant to Civil Engineering Inspections experience
- Knowledge of the use of basic computer programmes/database

I really appreciate you taking the time to review my application for the position of civil inspector.

Sincerely,

Tatum Rippin
