

# Civil Technician Cover Letter

669 Jenkins CircleChristeenport, NV 55177-4857

**Dear Emery Leannon,**

Please consider me for the civil technician opportunity. I am including my resume that lists my qualifications and experience.

Previously, I was responsible for technical support for a variety of site design related projects, including grading, drainage, pipeline and collection stormwater facility design, airport design, planning, and construction administration.

My experience is an excellent fit for the list of requirements in this job:

- Accreditation to, or working towards, EngTech status would be advantageous
- Proficient with Revit and AutoCAD software
- Competent with BIM processes
- Civil 3D experience would be beneficial
- Experience of working in the Building Structures sector
- Professional and self motivated approach
- Experience in civil infrastructure, DTM surfaces, alignment, grading and drainage design, and construction would be an asset
- Additional capabilities in roadway design would be an asset

**Thank you for taking your time to review my application.**

Sincerely,

Dylan O'Reilly
