

Civil Technician Cover Letter

4637 Berry KeysNew Olinmouth, KS 86434-0082

Dear Landry Hammes,

I submit this application to express my sincere interest in the civil technician position.

Previously, I was responsible for leadership in the areas of design, analysis, and construction of various water resources / civil infrastructure design projects including coastal flood, dams & levees.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Experience working for an engineering consultancy or railway within the rail sector is an asset
- Having experience in the use and application of railway industry standards
- Good AutoCAD capabilities
- Excellent analytical, problem-solving, attention to detail and decision-making skills
- Computer literacy advantageous
- Positive attitude to work
- Creating surfaces, L sections, modelling piping networks and related drawing
- Following checking and self-checking process, issuing drawings to internal and external clients, and managing electronic information

Thank you for taking your time to review my application.

Sincerely,

Tatum Hintz
