

Civil Technician Cover Letter

6166 Darrel Lodge South Bradly, AL 65787

Dear Marion Wilderman,

I submit this application to express my sincere interest in the civil technician position.

In the previous role, I was responsible for drafting and design support by preparing and maintaining CAD/GIS models, surveying drawings and maps.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Should undertake pipe network modelling in Civil 3D independently and resolve key complexities associated with the model
- Should be able to extract reports of cut and fill quantities
- Should be familiar with hydraulics & hydrological modelling system
- Should be conversant with Civil 3D software
- Proficient with AutoCAD software, and experience of Revit and/or 3D Civils and advantage
- Familiar with BIM processes
- Experience of working in the Building Structures sector an advantage
- Adaptable and collaborative team player

I really appreciate you taking the time to review my application for the position of civil technician.

Sincerely,

Quinn Stroman
