Client Tech Support Cover Letter

57017 Colin HollowMarvinbury, HI 72766

Dear Blake Mertz,

I would like to submit my application for the client tech support opening. Please accept this letter and the attached resume.

Previously, I was responsible for strong technical resource and senior escalation point for numerous technologies, including Mac, Linux, network, and mobile device issues.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Organize and oriented to details
- Flexibility with US and CR Holiday for Coverage
- Some experience in the development and troubleshooting on .NET Framework using C#, ASP.NET and other web technologies
- Those with professional certification will have an added advantage
- Added language skills will be an advantage
- Minimum 12 months experience on a technical role and ongoing Career path/IDP for support functions
- Self-motivated and client focused
- Windows (inclusive directory structure)

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Gray Fay
