

# Clinical Documentation Improvement Specialist Cover Letter

1202 Cassandra Summit South Jonchester, NJ 29632-0780

**Dear Denver Mertz,**

I submit this application to express my sincere interest in the clinical documentation improvement specialist position.

Previously, I was responsible for education to all internal customers related to compliance, coding, and clinical documentation issues/opportunities and acts as an internal consultant to these customers, when additional documentation is needed to assign the correct DRG, SOI or ROM.

Please consider my qualifications and experience:

- Coding skills with experience in ICD-10-CM/PCS and working knowledge of the AHA Coding Clinic (some training provided)
- Effective written and verbal communication skills imperative
- Registered Health Information Administrator (RHIA) is preferred
- Excellent business judgement and decision-making
- Experience working collaboratively with IT, HIMS and Clinical Operations is preferred
- RN with CCS certification preferred
- Midas Live experience
- Current unencumbered California Registered Nurse license (RN)

**Thank you for considering me to become a member of your team.**

Sincerely,

Indigo Gutkowski
