I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Record of effective teaching
- Record of significant service and leadership achievement in the specialty of Periodontics
- Achievement in basic and/or clinical research relevant to Periodontology and/or Oral Implantology
- Experience in implant provisionalization
- Current or previous licensure as a Clinical Mental Health Counselor preferred
- Experience with graduate capstone or thesis advising preferred
- Meets state licensing requirements for advanced practice and prescriptive authority
- May be a Psych CNS with or without prescriptive authority

I really appreciate you taking the time to review my application for the position of clinical faculty.

Sincerely,

Ryan Sawayn
