

Clinical Research Scientist Cover Letter

9040 Herman WaysKrisberg, ID 89224-5094

Dear Oakley Padberg,

I would like to submit my application for the clinical research scientist opening. Please accept this letter and the attached resume.

In the previous role, I was responsible for oversight of and insights into trial activities (e.g., trends in protocol compliance, enrollment, monitoring deviations, data quality) to principal investigators and support staff, study sponsor management and leadership staff, including Institutional Review Boards/Ethics Committees/Research Ethics Committees, Clinical Operations.

Please consider my qualifications and experience:

- Drives for high quality results
- Adaptable and analytical
- Strong presentation skills / leadership presence
- At least one publication on statistical methodology in a top tier journal
- A proven record of continuous independent research funding
- Proven track record in mentoring and/or advising junior
- BSc and extensive experience in the field of biomedical research
- An understanding and appreciation of the present and possible future environment for tobacco regulation and harm reduction

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Gray Abshire
