**Dear Emerson Bradtke,**

I am excited to be applying for the position of clinical team manager. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for expertise to the training department on HEDIS / STAR measures and tools that support collection of and communication about HEDIS / STAR to the enterprise.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Understand the Clinical Data Management business in detail to be able to provide meaningful input and contribute to discussions at the CDM Senior Leadership Team as a Business Partner
- As a member of the Biometrics and Medical Affairs Informatics Leadership team contribute towards the development of the group into a high performing team sharing resources, know-how and experience as necessary and leading initiatives that contribute towards making Biometrics and Medical Affairs Informatics and the larger Pharma Informatics organization a highly desirable place to work
- Inspiring and empowering leadership style with proven track record of developing high performing teams
- BA/BS in a science or financial discipline
- Previous experience managing trials within CRO/Pharma industry preferred
- Experience as a field monitor (CRA) preferred
- BS or Masters in field of expertise preferred
- Prior experience with report outs and presentations to C-suite leadership

**I really appreciate you taking the time to review my application for the position of clinical team manager.**
