

# Cloud Administrator Cover Letter

8419 Roob ParkAbestad, AL 59900-6493

**Dear Zion Parker,**

I am excited to be applying for the position of cloud administrator. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for software system support for desktop & server environments primarily in Linux, but occasionally will support Windows and OSX.

Please consider my qualifications and experience:

- Experience with Amazon Web Services (AWS) is preferred
- FDA regulated industry experience, hospital technology or medical technology is preferred
- Experience in systems administration, data analysis and network security
- Experience in Network Architecture
- Experience in leading a small technical staff/advising Senior Government Leaders
- Shell scripting (Bash, Python, PHP)
- Previous experience as a backup Systems Engineer in a large enterprise wide environment
- Experience with Windows desktops platforms, operations, deployment, administration

**Thank you in advance for taking the time to read my cover letter and to review my resume.**

Sincerely,

Dallas Wolff
