Cloud Administrator Cover Letter

712 Ondricka PortPort Ferminberg, MO 23781-0450

Dear Ari Powlowski,

I am excited to be applying for the position of cloud administrator. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for service and support to Data Center Infrastructure as a Service (IaaS) and Platform as a Service (PaaS Linux/RedHat, Windows and CenTOS server operating systems), patches and upgrades.

Please consider my experience and qualifications for this position:

- Experience with MAC OSX, *Nix platforms (know how file systems work)
- Knowledge of Information Security policies, Managing, Implementing and Auditing
- Advanced Office (Excel) knowledge for reporting
- AWS (EC2, S3, API/CLI, VPC, IAM, ElastiCache)
- Firewall, WAF, IPS, IDS experience
- Shell scripting and automation of routine tasks
- Experience in SOLR configuration and implementation
- Experience in Accurev/Jenkins/Jira

Thank you for your time and consideration.

Sincerely,

Lennox Kuhn
