

Cloud Administrator Cover Letter

1299 Morar LocksTerrenceborough, IN 26629-7319

Dear Gray Greenfelder,

I am excited to be applying for the position of cloud administrator. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for system administration service for Linux infrastructure and development systems (practical experience with RedHat Yellow Dog Updater (U+YUM) and RHCTA or higher) certification is highly desired.

Please consider my qualifications and experience:

- Experience working in AWS and Azure
- Knowledge of various Cloud service models, including IaaS, PaaS, and SaaS
- Demonstrated experience supporting a Windows Infrastructure, with strong expertise in Active Directory, Windows OSes, and email
- Strong salesforce.com Administrator (Service Cloud experience strongly preferred)
- Good understanding of data structures and their impact on reports, UI, and integrations
- Administrator experience with other cloud based systems preferred (Netsuite/OpenAir, Successfactors, EchoSign, Gainsight)
- Self-sufficient and self-starter, but not afraid to ask for help and involve others
- Open to new tools and systems

Thank you for considering me to become a member of your team.

Sincerely,

Briar Labadie
