

Cloud Expert Cover Letter

11553 Langworth RapidsOkunevaland, CT 58794-4783

Dear Reese Hilll,

In response to your job posting for cloud expert, I am including this letter and my resume for your review.

In my previous role, I was responsible for expertise of existing business processes / SAP solutions in legacy systems.

Please consider my experience and qualifications for this position:

- Expert either in Finance or Logistics (order2cash, purchase2pay, plan2produce,..)
- Structured working approach – getting things done attitude
- Strong hands on experience with storage hardware
- Hands-on knowledge of Microsoft server infrastructure
- Advanced Excel functionality
- Proven track record for working closely with customers and partners (ideally in a customer facing role, consulting, pre-sales)
- Excellent track record of projects and reporting, and driving issues to beneficial resolution
- Detailed understanding of core network elements/ solutions and their value to Operators

Thank you for your time and consideration.

Sincerely,

Corey Cassin
