

Cloud Expert Cover Letter

13506 Rickie HillsMcGlynnberg, IN 73525-7898

Dear Riley Hayes,

I am excited to be applying for the position of cloud expert. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for his/her expertise of existing business processes / SAP solutions.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Expert knowledge and deep practical experience in
- Expert knowledge of Linux and Scripting languages is beneficial
- Experience in agile development practices (SCRUM), test-driven development model-driven development
- Proven knowledge of web technologies, like SOAP, REST, OData, XML is necessary
- Hands-On experience with any of the cloud platforms (PaaS, IaaS) such as Cloud Foundry, OpenStack, AWS, Google Cloud Platform
- Drive innovation of new features and product directions
- Very high quality commitment
- Good knowledge of financial business processes

I really appreciate you taking the time to review my application for the position of cloud expert.

Sincerely,

Onyx O'Reilly
