Cloud Sales Cover Letter

5911 Feest IsleNew Wade, MA 99026-2332

Dear Lennox Fisher,

In response to your job posting for cloud sales, I am including this letter and my resume for your review.

In the previous role, I was responsible for cloud software research, development, and engineering services to include requirements analysis, software development, installation, integration, evaluation, enhancement, sustainment, testing, validation, and issue diagnosis/resolution.

My experience is an excellent fit for the list of requirements in this job:

- Experience supporting an extremely fast growing subscription-based enterprise software sales force
- Comfortable thinking "outside the box" and enjoy leveraging Salesforce in creative ways with combinations of customizations and AppExchange packages
- Flexible to juggle urgent requests with projects that take more time, and adaptable to changing priorities
- Experience in one of the following areas, DevOps, Scripting, AWS/Azure, and Datacentre Technologies including converged technologies
- Broad cloud experience
- Be a Subject matter expert in cloud platforms
- Demonstrate an in-depth understanding of various Cloud technologies and be able to articulate the key tenets of various technology options
- Thorough understanding of the Cloud / Datacentre outsourcing industry, landscape, key issues and strategies of major technology players

Thank you for taking your time to review my application.

Sincerely,

Frankie Fadel
