Cloud Sales Cover Letter

497 Ernie BrooksSouth Versie, MO 43699

Dear Sam Larkin,

I submit this application to express my sincere interest in the cloud sales position.

Previously, I was responsible for business direction and technical leadership to team of cloud infrastructure and software engineers.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- DevOps tools like Git, Subversion, Jenkins, Hudson, Chef, Puppet
- Experience with virtualization and container technologies
- Hands on experience with web technologies such as Javascript, AJAX/EXT,CSS
- Good understanding of relational database concepts and SQL
- Consistent high performance against sales quotas driven by C-Level and VP level relationships at key customer contact
- Experience using a consultative or advisory based sales approach
- Innovative and creative thinker who can work independently and leverage resources wisely to meet objectives
- Experience with Application Lifecycle Development Process and/or PaaS

Thank you for considering me to become a member of your team.

Sincerely,

Bellamy Johnson
