

Cloud Solution Cover Letter

4123 Williams CampSouth Shane, NM 99773

Dear Spencer Swaniawski,

I would like to submit my application for the cloud solution opening. Please accept this letter and the attached resume.

In my previous role, I was responsible for expert level consultation in the areas of virtualization, cloud platforms and open source technology stack.

My experience is an excellent fit for the list of requirements in this job:

- Azure experience preferred
- Deep understanding of cloud infrastructure technologies, business drivers, and emerging computing trends
- Experience implementing and deploying complex, business critical industry solution, e.g predictive maintenance, credit risk analysis, retail personalization, and/or experience in industry functional areas
- Experience with architecture, design, implementation, and/or support of highly distributed applications
- Cloud experience in migrating on premise workloads to the cloud
- Knowledge and experience with Mobile Core architecture & virtualization
- Knowledge and experience with Packet Core (EPC/5G/IoT)
- Knowledge and experience with VMware vSphere systems and/or Red Hat OpenStack

I really appreciate you taking the time to review my application for the position of cloud solution.

Sincerely,

Royal Boehm
