

Cloud Solution Cover Letter

6682 Hermann PortLake Mickie, NV 62097

Dear Ryan Gorczany,

I submit this application to express my sincere interest in the cloud solution position.

In the previous role, I was responsible for insights regarding assortment, space requirements, share of shelf, and financial productivity for category reviews to drive market share.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Familiarity with cloud methodologies
- Deep understanding of data platform technologies, upgrading to modern SQL Server releases, migrating competitive databases to SQL
- Knowledge of Open Source Data & Analytics technologies such as Apache Hadoop, Spark, HBase, Storm is desirable
- Certifications in Azure technology or in information security preferred
- Getting experiences with the newest Microsoft technologies Azure Stack, S2D
- Health and Life Sciences Industry Experience
- Willing to travel extensively in the first six months for training and then as-needed afterwards
- Minimum US Permanent Residency work eligibility

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Finley Bergnaum
