

Cloud Solution Cover Letter

27155 Elliott CausewayGenevievebury, IL 44396

Dear Armani Moen,

I would like to submit my application for the cloud solution opening. Please accept this letter and the attached resume.

In my previous role, I was responsible for security expertise to maintain and enhance the security posture of Genesys Cloud platforms.

My experience is an excellent fit for the list of requirements in this job:

- Installation and configuration of security components for SAP system landscape
- System Administration and Maintenance for SAP NetWeaver
- Hybrid Cloud integration/management/security, VM deployments and migration
- Networking infrastructure (including IP routing, DNS, firewalls, load balancing, network security groups, application gateway, WAF and VPNs)
- HPC, Storage, Systems/Operations Management on either Windows or Linux (both preferred)
- Public Cloud Vendor certifications
- Proven track record of driving decisions collaboratively, resolving conflicts and ensuring follow through with exceptional verbal and written communication, including both English and Japanese
- Experience in consultative/complex technical sales and deployment projects (where necessary, managing various stakeholder relationships to get consensus on solution/projects) is preferred

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Spencer Sauer
