

# Cloud Solution Cover Letter

3335 Darwin Ferry West Marcellus, KY 64551

**Dear Story Reinger,**

Please consider me for the cloud solution opportunity. I am including my resume that lists my qualifications and experience.

In my previous role, I was responsible for cloud IAM consulting and collaborate with other cross-functional teams to ensure cloud migration and adoption efforts are successful.

Please consider my qualifications and experience:

- Familiar with industry changes in technology standards, information management, development standards, methods and emerging third party software in order to advise on technology and leverage industry best practice in the design and construction of their software products
- Public Cloud Vendor certifications (Google Professional Cloud Architect, AWS Professional Cloud Architect, or MCSE)
- OEM Cloud related certifications
- Public cloud architecture certification is desirable (AWS Certified Architect, MCSA Azure Solution Architect, ...)
- Pre-sales support experience is needed
- Experience with designing and implementing complex system configurations and standards for VMWare ESX, x86, and Linux or implementing solutions above AWS, Google, Azure platforms
- Implementing Technical solutions - AWS, Google, Azure platforms
- Helping customers architect scalable, highly available application solutions that leverage Azure services

**I really appreciate you taking the time to review my application for the position of cloud solution.**

Sincerely,
