

# Cognos Administrator Cover Letter

162 Anton Rapids East Aldenhaven, NC 97122

**Dear Cameron Cassin,**

I am excited to be applying for the position of Cognos administrator. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for occasional training of Cognos software, environment, and configuration to other report writers and end users.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Experience in Cognos BI configuration, administration and environment troubleshooting with multiple versions of IBM Cognos
- Experienced in Dynamic Cubes design best practices along with deployment techniques with large data
- Expertise with Data Modeling, Database design, and proficiency with SQL scripting in Analytics and associated areas
- Very good knowledge and expertise with use of Cognos Software Development Kit [SDK] and support various enhancements new initiatives
- Should have cross functional/technical knowledge on ETL and Data Modeling tools with wide variety of traditional data based and advanced
- Framework Manager Modeler development and advanced Report Studio skills
- Constantly operates a computer and other office equipment
- Needs to occasionally move about inside the office to access office machinery

**Thank you for your time and consideration.**

Sincerely,

Lennon Kulas
