ColdFusion Developer Cover Letter

479 Ezekiel VillagesWest Kandaceberg, CA 38793

Dear Oakley Hettinger,

I would like to submit my application for the coldfusion developer opening. Please accept this letter and the attached resume.

In my previous role, I was responsible for front-end SharePoint Online development leveraging UI/UX best practice and adhering to 508 compliance standards.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Knowledge of AJAX and building of APIs
- Experience building interactive database driven web sites
- Review current PEAS ColdFusion code, scripts, and stored procedures to determine existing business requirements and validations to be migrated to the new system
- Follow established IRS and Java Application Architecture Group (JAAG) development standards
- Prepare architecture, design, and data model documents to support database and programming changes
- Re-write the PEAS module of ACDS into Java
- Cold Fusion Developer
- Experience developing using Java/J2EE

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Brooklyn Baumbach
