# ColdFusion Developer Cover Letter

7175 Roberts BurgsBurlbury, NH 20948

**Dear Sam Schowalter,**

I would like to submit my application for the coldfusion developer opening. Please accept this letter and the attached resume.

In the previous role, I was responsible for remediation for accessibility to other software developers for Section 508, Part of Rehabilitation Act of 1973, as amended in 1998.

My experience is an excellent fit for the list of requirements in this job:

- Experience with Weblogic, Service Oriented Architecture (SOA), and Unix/Linux
- Provide support on-site at Aberdeen Proving Ground, MD
- Familiar with Army processes, particularly those pertaining to the Software Development Lifecycle
- Demonstrable strength in custom web development technologies, including ColdFusion 10+, JavaScript, jQuery, CSS, AJAX and T-SQL
- Experience with database tools such as SSMS
- Experience with web development tools such as Dreamweaver and Eclipse
- Experience with configuration management tools such as GIT and SVN
- Experience with CFC architecture

**I really appreciate you taking the time to review my application for the position of coldfusion developer.**

Sincerely,

Briar Langosh
