

# ColdFusion Developer Cover Letter

168 Kunze Passage  
Lake Numbers, IN 15325-9587

**Dear Lennox Wisoky,**

In response to your job posting for coldfusion developer, I am including this letter and my resume for your review.

In my previous role, I was responsible for webmaster functions, updates to website content, reevaluation and enhancement of website functionality, verifying website links, and verifying compliance with Section 508 of the Rehabilitation Act.

My experience is an excellent fit for the list of requirements in this job:

- Work experience with C#, C++, and SQL
- Experience with object-oriented software, coding, development, and testing
- Strong communication and organization abilities
- Master Certified Internet Webmaster (CIW)
- Master CIW Administrator
- Experience in RESTful or any other Web Services
- Experience in IT web engineering, design, development, and troubleshooting using tools such as XML, HTML
- Familiarity with ITIL management

**Thank you in advance for reviewing my candidacy for this position.**

Sincerely,

Tatum Thiel
