

ColdFusion Developer Cover Letter

7578 Josette BrooksWest Stan, IA 58985

Dear Frankie Larson,

Please consider me for the coldfusion developer opportunity. I am including my resume that lists my qualifications and experience.

In the previous role, I was responsible for remediation for accessibility to other software developers for Section 508.

Please consider my experience and qualifications for this position:

- DoD Directive 8570.01M Compliant such as Security+CE
- Troubleshoot complex SQL statements
- ColdFusion development experience with enterprise level applications
- Strong understanding of HTML/CSS and caveats of front-end development
- Comfortable using source control such as SVN
- Comfortable with SQL Server replication techniques
- Proficient with other web technologies, including .Net, C#, Angular, Bootstrap, Node
- Have ambition and passion for software development

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Denver Powlowski
