

# Compliance Engineer Cover Letter

90054 Goyette LandingWesleymouth, NY 95672-0817

**Dear Peyton Bogisich,**

In response to your job posting for compliance engineer, I am including this letter and my resume for your review.

In the previous role, I was responsible for guidance on global markets environmental compliance such as ROHS, REACH and WEEE.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Semiconductor Device or Semiconductor Material Manufacturing or related field
- Semiconductor Environmental Regulation
- Material Science/Material Engineering/Analysis
- Working knowledge of industry environmental regulatory requirements
- Demonstrated experience with global scale, enterprise cloud operations
- Previous experience delivering compliance programs
- Previous experience in technical operations of internet scale enterprise focused cloud services
- Previous experience in hyper-growth, technology business where speed and agility are paramount

**Thank you for considering me to become a member of your team.**

Sincerely,

Briar Dicki
