

Computer Security Specialist Cover Letter

654 Davis StreamPhillipberg, AR 65451

Dear Ryan Turner,

I submit this application to express my sincere interest in the computer security specialist position.

In the previous role, I was responsible for oversight for the deployment and integration of all new security solutions and of any enhancements to existing security solutions.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Knowledge of IT security solutions (Cloud Access Security Broker, Data Leakage Prevention, Multi Factor Authentication, Data Rights Management)
- Cloud security concepts and protection
- Assist accreditation teams with report creation and briefing of government customers on security recommendations
- Act as consultant or SME to the Gov customer who's focus is applying information to assurance frameworks & regulations to the IS on a continuous basis
- Track & maintain the appropriate security posture for an IS or program in eMASS
- Communicate security requirements and compliance with those requirements to the PMO, SCA, and AO
- Conduct IMS planning for security events such as assessments, change requests, and accreditation
- Conduct validation scan/tests events of a wide range of technologies

Thank you for considering me to become a member of your team.

Sincerely,
