

# Construction Engineering Cover Letter

3759 Logan MeadowsNew Vanessa, TN 30965

**Dear Skyler Batz,**

Please consider me for the construction engineering opportunity. I am including my resume that lists my qualifications and experience.

In the previous role, I was responsible for assistance within and outside the department on items such as value engineering, construction planning, materials selection, and construction sequencing.

My experience is an excellent fit for the list of requirements in this job:

- Demonstration of success in lead role
- Specific knowledge of tower operations, maintenance, and mod construction is highly preferred
- Knowledge of Telecommunications systems is highly preferred
- Extensive knowledge of tower operations including modifications/reinforcements and site construction
- Previous nuclear experience
- Strong knowledge and experience with electrical systems for new build heavy industrial power construction projects
- Strong knowledge of Civil and Structural processes on large industrial construction projects
- Requires an individual who excels in structural engineering work

**Thank you for your time and consideration.**

Sincerely,

Jordan Ritchie
