

Construction Engineering Cover Letter

11648 Fahey Lodge West Marcusbury, CA 16377

Dear Blake Waelchi,

I would like to submit my application for the construction engineering opening. Please accept this letter and the attached resume.

Previously, I was responsible for specific assistance in compilation of the documentation for organization of the local tender for construction works.

My experience is an excellent fit for the list of requirements in this job:

- Requires an individual who excels in mechanical engineering work and has strong work experience with steam turbines and the installation of those steam turbines on a new build power project
- Job related technical knowledge of electrical systems and installation necessary to complete the job
- A PMP or equivalent certification is preferred
- Willing and able to relocate to Corporate Headquarters in Monroe LA
- Prior experience in an Engineering & Construction environment, or similar industry
- Interested in a career as a Field Engineer or Field Technician following the internship
- Can understand and manage activities to a Critical Path Method schedule
- Proficient in the use of CPM scheduling and Construction Cost estimating software tools

Thank you for considering me to become a member of your team.

Sincerely,

Onyx Grant
