

Consultant, Salesforce Cover Letter

87913 Janay Ridge DuBuquebury, WV 84828

Dear Dallas Beatty,

In response to your job posting for consultant, salesforce, I am including this letter and my resume for your review.

Previously, I was responsible for guidance on application and integration development best practices, Enterprise Architecture standards, functional and technical solution architecture & design, environment management, testing, and Salesforce Platform education.

Please consider my qualifications and experience:

- Hands on experience in JS, JQuery, Angular or other JS Frameworks
- Salesforce Technical Knowledge
- Salesforce Certified Sales/Service Cloud Consultant
- Salesforce Certified Community Cloud Consultant
- Domain Certifications preferred
- SFDC Einstein Analytics Skills – a core end to end skill set needed for the development of EA dashboards
- Business Analysis skills focusing on analytics and reporting - to help define EA platform vision and specific user stories based on business use cases
- Experience of working with business stakeholders across multiple geographic areas, with different priorities and requirements

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Indigo Mertz
