**Dear Emery Jacobson,**

Please consider me for the control room operator opportunity. I am including my resume that lists my qualifications and experience.

Previously, I was responsible for support and assistance to the Area teams in the management and supervision of incident support resources.

My experience is an excellent fit for the list of requirements in this job:

- Able to demonstrate competent technical knowledge in analyzing equipment performance and identifying performance issues using software tools
- Experience preferred in process operations in an oil/gas environment, with computer operated process control systems
- Knowledge of safety regulations and procedures associated with oil and water gathering systems
- Excellent multi-tasking skills preferred
- Minimum High School diploma or equivalent and practical experience
- Sheduling and Rosterig of Rostas
- Monitoring alarms and CCTV
- Admin duties for Uniform, licenses, vetting

**I really appreciate you taking the time to review my application for the position of control room operator.**

Sincerely,

Reese Greenholt
