

Creative Consultant Cover Letter

31776 Hackett Freeway South Santo, KY 93321

Dear Azariah Turcotte,

In response to your job posting for creative consultant, I am including this letter and my resume for your review.

In my previous role, I was responsible for bMI's Graphic Design Department with information and visual ideas for the design of BMI Save the Date cards, invitations, and posters for events.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Collaborate with writers, marketing managers, producers, editors, account managers and traditional marketing, brand design and development
- Experience in video-based marketing
- Skilled motion graphics artist with a keen sense of principles of animation
- Prior design work experience using TV/video, digital, social, and print Technical /
- Proficiency with the designer tools such as Adobe Aftereffect, Photoshop, Illustrator, Premier & Audition
- Nice to have experience with HTML, CSS and Javascript
- Work closely with other designers and Art Director to meet daily image goals
- Up to date with industry-leading software and technologies (Illustrator and Photoshop)

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Dylan O'Keefe
